

Introduction to the International Classroom

Further Resources

Direction for use

Further resources I is a case discussion. Facilitators can choose between six slightly different cases (situated in six different countries); the cases highlight tensions and challenges that the lecturer may encounter in the international classroom. The cases may be downloaded as pdf-files from Further resources 1. The Good Practice Principles (introduced in activity 7) can be used as a framework for the case discussions.

Further resources II is similar to Further resources I, the difference being that participants are invited to discuss their own cases or dilemmas. The Good Practice Principles (introduced in activity 7) can also be used as a framework for these discussions

These further resources are not considered part of the module run as a workshop of 3 x 1.5, but can be added to longer workshops.
