

## Internationalising Course Design

### Activity 3 Activities & Assessment

#### Worksheet Susanne's Questions

You have just watched the video case of Susanne. Before you start discussing the questions that Susanne raises in her video, we would like you to reflect on the following question:

*What possible (mis)conceptions or myths about internationalising a curriculum are mentioned in the video?*

Please use the results of the above question to answer the questions raised by Susanne in the video. Given that it makes sense to have a learning goal specifically relating to intercultural competence, how could the ED support Susanne with her questions?

Susanne's questions were the following:

1. I would like to make use of the potential of the international students: how to do so in a large group of students?
2. How would I assess the intercultural learning goal?
3. Is the reflection assignment of the students appropriate for assessment?
